

Welcome Basic Military Police Student.

Just like any other duty station you are required to have in your possession all military issued uniforms. This should be all uniform items issued to you in recruit training. You will conduct an accountability inspection of all your uniforms on Training Day 1 to ensure you possess all required uniforms. We are located aboard an Army installation and the uniform store is limited on Marine Corps uniform items.

Further, you will need to have in your possession your medical and dental records, 1 set of identification tags and your issued I.D Card. In order to be an MP you must possess a valid state driver's license. Ensure you have a current, valid license upon check in.

Civilian attire may be worn, in most cases, during liberty hours. Barracks space is limited with three Marines to a room therefore storage space is limited. Do not bring an abundance of civilian attire to help alleviate the storage limitations.

Further guidance will be disseminated about what items may or may not be sent or procured during your time at Ft Leonard Wood.

Most importantly bring a Positive Mental Attitude and be ready to learn. This is the first step of you becoming a Marine Military Police Officer and as with anything else knowledge is power.
