

### MCB Quantico Pre-Separation Counseling Workshop Schedule

Pre-separation Counseling workshops are critically important sessions that provide basic overview and preparatory information for a service member's military to civilian-life transition process. These workshops are available for service members retiring, being discharged or released, and those who have served 180 continuous days or more on active duty in the Armed Forces in accordance with Title 10, U.S. Code, Chapter 58, Section 1142. This workshop provides a brief overview of the 5-day Transition Readiness Seminar (TRS). It also informs service members of available transition-related services, benefits, curriculum, assessments, course deliverables, and the individual transition plan (ITP) during and after their separation, retirement, demobilization or deactivation from Active-duty. Finally, the Pre-Separation Counseling workshop provide a forum for Q&A opportunities and an overview explanation of benefits, services, programs and resources required and documented using the DD Form 2648 (e-form).

Retirees may register and complete the Pre-Separation Counseling 24-months prior to RETIREMENT. Separates may register and complete the Pre-Separation Counseling 18-months prior to SEPARATION. In the case of special circumstances, the process should be started as soon as possible.
