

WHAT TECOM EMPLOYEES ARE SAYING...

- ❖ I loved it! I thought it was awesome. I also thought your editor's corner comments were thoughtful and very heartfelt. Thank you for using your platform in such a positive and God honoring way.
- ❖ The new online version of the newsletter is a wonderful way to recognize the hardworking folks of TECOM and to allow our friends and families to get a glimpse of our efforts in support of Marine Corps training.
- ❖ Without a doubt, you did an outstanding job, once again, with the newsletter. You are value added to our organization. God bless you always!
- ❖ I think you're going in a progressive direction. People read them, or should to be fed. I think if there are core principals in the 1700 community, that those should be reiterated in the newsletter, which you're doing with book reviews, and topic reviews etc. I think you're meeting the need right now for announcements, introductions, and people spotlights. It's important to know the people we work with and it's a good balance as well. I don't remember his name, but the story on the guy retiring. I talked to him every time in the locker room, but never knew his story, or that he would be retiring soon. We work in the same walls as so many diverse people, yet know nothing. You're doing a great work Terra. I think just continue to strike a balance. Between work and play, if that makes sense.
- ❖ These newsletters are great. Do we have access to old newsletters? Are they filed somewhere where we can get to them? Wanted to review some of the past ones that I may have missed.
- ❖ Your Newsletter is "awesome" just like you and thank you for doing an outstanding job as usual. Hope you are having a great "Thursday"! We did not get this in the G8 TECOM HQ (who is in the TECOM HQ mailbox distribution?) I got this from a friend at MSTP and the best part I got it. Yet not from you...hmmmm! You rock!
- ❖ Great job on April's newsletter! Just wanted to commend you. I think that it did a really nice job of incorporating some of the other units within TECOM. And everyone has been a buzz today about the VRE program. A lot of people didn't know about it, myself included.
- ❖ Great job as always! I really liked the variety offered in this edition. I think that it humanized a lot of people. So it was really well written. Any chance it will be moving to more frequent issues?
- ❖ Your newsletter is impressive and I am sure well received throughout TECOM. I wish you continued success.
- ❖ I am sure the personnel that I work with would enjoy the contents.
- ❖ WOW...congratulations!
- ❖ I'd be happy to write an article - maybe for the July newsletter.
- ❖ Outstanding job!!!!
- ❖ LOVE IT!
- ❖ I like the "who wore it best?" That's funny!!!!
- ❖ I look forward to seeing the newsletter.
- ❖ Again, you're doing stellar work.
- ❖ Thank you this paper is always awesome, thank you.
- ❖ Very nice issue. Great job!!
- ❖ I like the newsletter, it always give me ideas for my small newsletter.
